

RC-100

## RC-100 WIRELESS CONSOLE SYSTEM SPECIFICATIONS

The RC-100 is a truly wireless device that can control a variety of Daktronics standard baseball scoreboards. The handheld unit operates using a 900 MHZ radio with internal antenna. When an umpire uses the RC-100, he/she, as well as the fans & players can instantaneously see the ball & strike count on the scoreboard. The wireless handheld can control only one scoreboard at a time and is compatible with a select number of baseball, multisport, soccer, football, & basketball scoreboards (see applications section for a list of scoreboards).
